

PROBLEM

5 to 6 out of 10 business customer churn

INSIGHT

60-70% higher churn risk for customers with payment issues

SOLUTION

Auto-retry failed payments with exponential backoff

IMPACT

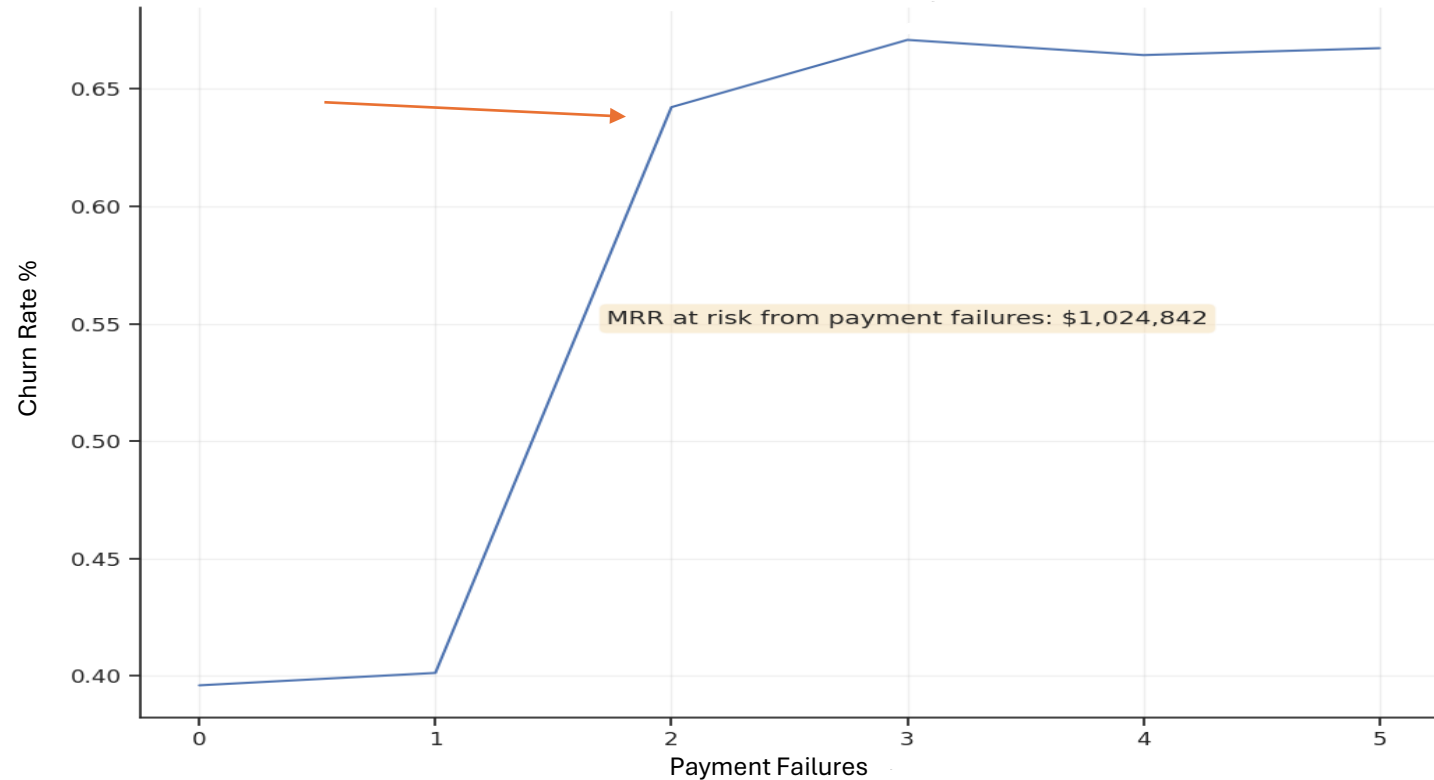

Reduce payment-failure-related churn by 30-50%
- Recover \$81K-135K MRR/month

NEXT STEPS

Approve 2-week MVP sprint to implement new payment methods

Churn Rate by Number of Payment Failures

EXECUTIVE SUMMARY

SaaS Customer Churn Analysis

- Sample size: 2,800 customers
- Industry benchmark: 3-8% monthly churn (we're at ~3.2%)
